

Rental price list for sound, light, & stage gear

Bob Hamil 231-753-8852 or z@bobhamil.com

These rental prices are part of the total fee for me bringing and setting up a system. The hourly rate is multiplied by the time the system is on (minimum six hours). This is in addition to the labor fees involved to set up or run your show. See labor rates at <http://bobhamil.com/sound>

Non-profit discounts will be applied to these prices. Please inquire.

I may consider renting gear to other qualified engineers. Please inquire.

Everything is subject to change without notice. Revised 12/16/13
